1. Goal

- To fix up and bugs and error and get functionality working

2. Duration of the sprint

2 weeks

3. What is the team's vision for this sprint?

Please see "M3 Sprint 1 Backlog" column in roadmap tab for reference

For this sprint, one of the main aims is to focus on fixing up any error rather than implementing any new functionalities.

To make sure the deployment with AWS works and ensuring the program can run.
